Maroon HD Chemical Free Stripping Pad Product Specifications

3.0 Use

This pad is used with water to remove old soiled floor finishes and sealers. Ideal for use on machines speeds up to 350 rpm.

4.0 Construction

The Maroon HD Chemical Free Stripping Pad is constructed of polyester fibers and synthetic adhesives that will not be notably affected by water or cleaners normally used for floor maintenance. The abrasives used in this product are synthetic material. This pad has been designed for use on both sides.

5.0 Labeling

Labeling is to clearly identify product, size, and quantity. Americo brand or private label is available for this product.

6.0 "Green" Initiative

- Polyester fiber used in our pads come from 100% post consumer and industrial recycled waste product.
- Water Based Latex Resins are used in the manufacturing process. No phenol-formaldehyde resins are used in our binding process.
- Shipping cartons contain at least 45% recycled material.
- Plant is operating under EPA approved Clean Air Permit.
- In-house water treatment has reduced our waste water flow by 83%.

7.0 Directions for Use

Dust mop or sweep floors prior to stripping. Use pad until soil and finish are removed from floor. Pick up water residue with a mop, wet vacuum or automatic scrubber. Rinse floor and let dry prior to recoating or opening to traffic.

8.0 Product Care

To prolong the life of this product it may be washed using a hose with a pressure spray nozzle to remove soil. To dissolve heavy soil or finish this pad may be soaked in detergent or diluted stripping solution prior to washing.
